## **Item 8.01. Other Events.**

On March 4, 2020, the U.S. Securities and Exchange Commission (the "SEC") issued an order under Section 36 (Release No. 34-88318) of the Securities Exchange Act of 1934, as amended ("Exchange Act"), granting exemptions from specified provisions of the Exchange Act and certain rules thereunder. On March 25, 2020, the order was modified and superseded by a new SEC order (Release No. 34-88465), which provides conditional relief to public companies that are unable to timely comply with their filing obligations as a result of the novel coronavirus ("COVID-19") outbreak (the "SEC Order"). The SEC Order provides that a registrant subject to the reporting requirements of Exchange Act Section 13(a) or 15(d), and any person required to make any filings with respect to such registrant, is exempt from any requirement to file or furnish materials with the Commission under Exchange Act Sections 13(a), 13(f), 13(g), 14(a), 14(c), 14(f), 15(d) and Regulations 13A, Regulation 13D-G (except for those provisions mandating the filing of Schedule 13D or amendments to Schedule 13D), 14A, 14C and 15D, and Exchange Act Rules 13f-1, and 14f-1, as applicable, if certain conditions are satisfied.

Interlink Plus, Inc. (the "Company") will be relying on the SEC Order to delay the filing of a required amendment to its Current Report on Form 8-K filed on February 7, 2020 (the "Report Amendment"), which will include financial statements required by Item 9.01 thereof, due to the circumstances related to COVID-19. In particular, COVID-19 has caused displacement of staff in order to comply with "stay at home" orders. This has, in turn, delayed the Company's ability to report financial data on a timely basis and prepare the Report Amendment. Notwithstanding the foregoing, the Company expects to file the Report Amendment no later than June 1, 2020 (which is 45 days from the Report Amendment's original filing deadline of April 17, 2020).

In light of the current COVID-19 pandemic, the Company provides the following Risk Factor explaining the impact of COVID-19 on its business:

### ***A pandemic, epidemic or outbreak of an infectious disease, such as COVID-19, may materially and adversely affect our business and operations.***

The recent outbreak of COVID-19 originated in Wuhan, China, in December 2019 and has since spread to multiple countries, including the United States and several European countries. On March 11, 2020, the World Health Organization declared the outbreak a pandemic. The COVID-19 pandemic is affecting the United States and global economies and may affect our operations and those of third parties on which we rely, including by causing disruptions in staffing, order fulfillment and demand for our product. In addition, the COVID-19 pandemic may affect our revenues significantly. Additionally, while the potential economic impact brought by, and the duration of the COVID-19 pandemic is difficult to assess or predict, the impact of the COVID-19 pandemic on the global financial markets may reduce our ability to access capital, which could negatively impact our short-term and long-term liquidity. The ultimate impact of the COVID-19 pandemic is highly uncertain and subject to change. We do not yet know the full extent of potential delays or impacts on our business, financing or the global economy as a whole. However, these effects could have a material impact on our liquidity, capital resources, operations and business as our customer base is highly concentrated in the restaurant and entertainment sector.
